To ensure accuracy, measurements should be taken by a Tuxedo shop, a Men's Wear Store, or a Seamstress. Below, please indicate where your measurements were taken (see "Measured By").

When being measured, you should be wearing well fitted clothing - not too baggy, or bulky. All measurements should be taken with your arms relaxed at your side. Please use Imperial Units (ie. inches, feet, pounds).

If we are concerned about a measurement, our staff may request a re-measure so we can ensure your garment fits excellent upon your arrival.
